

Celebrating the Annunciation of the Lord

This Ave Maria is sublime !! it's probably due to the exceptional quality of the voices of the Westminster cathedral Choir !! i? bought the record " treasures of the Spanish renaissance " where you can find this Ave Maria after i heard it for the first time !

They are amazing.? When you see them and hear them live, you really cant believe it isnt some kind of dream. Total professionals, total dedication, total sound. They really have something amazing going on in that place.
