

Commentary on the Gospel for Thu, Mar 15th 2012

Many of the Jews accuse Jesus of blasphemy because they didn't see him as the Son of God. They did not listen to him. We, as the people of the New Covenant, to listen to him, to meditate on his word and put it into practice. We are members of God's family and need to live as such so that people can see that Christ is alive in each one of us. How often do I read Scripture and meditate on it?
