

Commentary on the Gospel for Thu, Jul 28th 2011

As God took possession of the sanctuary we need to let him take more possession of us. Jesus told us to 'Go and proclaim the Good News', so we have to be a Church of mission and not maintenance. We need to evangelise, not by promoting but by attracting people by the example we give of God's love. It is not so much as what we say but the way of life we live that will proclaim Christ to others.
